LAST ISSUE DEADLINE

It seems that last time, I not only had two deadlines and both for Saturday. But I also had the wrong month-I was looking at Augusts Walendar and Not October. Next time I will try to be more careful.

PRESS RELEASE

A long time back, when I inherited 75% of the Old COSTAGUANA, I asked the players if they would make their press releases small in nature, since at the time, I was not sure if I could be able to continue publishing ADAG. Now in answer to a recent inquiry about press releases, its not that I don't print them, its that noboddy save with the exception of Edi Birsan and Margeret Gemignani and a couple o'hers, I donT receive any, I print once every three issues, a big press release by Conrad VonMetzke, manly because we have a aggreement to that affect. SO again I will welcome press releases as long as they don't exceed more than one page, PLEASE.

CONRAD VON METZKE

22 pages you must be out of your cotton-Picken mind, The Jolly Purple Giant from the Valley of Jamul, just walked in with 22 dittos, 1500 sheets of paper and say give me 65 copy's by Thursday, Naus, and with a leacherous smile (lee: (Grin) Snicker) if you don't I will make you sit and listen to Larry Peery talk about himself (OH, Kind Sir, Not that, anything but not that, Whipm me, beat me, Throw my Typewriter out the door, toss my ditto machine down the T---t, (Come to thank about it, thats not a bad idea but don't make me sit and listen to Hurricane mouth.

The French Army Burgandy must retreat to either, Belgium, Picardy or Gascony or Paris.

BERLIN-Today, by a close vote, the Bundestag voted to take all action necessary to preserve the status-quo in Scandinavia.

MOSKVA (Demi-Tass)- His Imperial Highness, the Mad Satirical Monk today singled out the Emperor of Austria for a special vituperation (#-if this man is sane, then Rod Walker resembles a California Orange!...) As a recent policy announcement, the Black Sea Fleet, lead by the flagship "Popov" was sent to the wild tribes of the Caucasus mountains to effect a greater rationality amongst them. As a final act, his holiness passed a law requiring all Russian mail to be written on a piece of stationery shaped into likenesses of Conrad Vaughn Metzke, the noted advisor to the lovelorn and protector of the Faithless. Finally, the Imperial keepers cornered their glorious leader in the Jack Greene memorial harem and washcloth deepfreeze, and with a mild dose of nitrous oxide, sanity was restored to the Empire.
